Tea Selection

English Breakfast

A perfect blend of Darjeeling and Assam teas. Also decaffeinated available.

Earl Grey

A tea blend with distinctive citrus and aroma derived from the addition of oil extracted from the rind of the Bergamot orange from Calabria.

Assam

This tea is known for its body, briskness, malty flavour and strong bright colour.

Green Tea

A subtle balance of fresh, fruity and floral notes.

Jasmine Tea

A scented green tea infused with jasmine blossoms, subtly sweet and highly fragrant.

Infusions

Camomile

The infusion carries notes of citron and a light bitterness, evoking chicory and giving a long-lasting experience.

Mint

Beautifully refreshing, the peppermint is harvested during the summer before it flowers.

Bouton de Rose

The rose bud harvest begins in June. Naturally air-dried to preserve their colour, texture and fragrance, they produce a subtle and very floral infusion.

Redbush Caramel Velvet

A herbal infusion from the rooibosch plant paired with a rich, creamy caramel flavour.
